Information

Organizing committee «2CV World Meeting 2023» in the Delémont region, plan the distribution of the dealer plots for the market stalls of the various suppliers (gastronomy, professional and non-professional traders of various products). For this we need the exact information of the products to be sold, the required space, as well as the resource requirements.

Payment for the products in the "Village jurassien" and at the dealers must be made exclusively with the cashless system selected by the organizer. The uniform cash registers for digital payment will be made available (fee 1% of turnover).

The organizer offers only a small food offer. Food trucks with ready-made menu offers are preferred.

Drinks must be taken over by the organizer (with revenue share) and can be obtained during the daily opening hours if required.

When it comes to beer, the beverage supplier has exclusivity.

Water is provided centrally.

Electricity (240V) can be obtained if required. 380V on request, gas as energy is preferred.

The pitch rent is flat-rate. The arrival of the meeting visitors is on Tuesday 25.07.23 from 10:00 o'clock. Sunday 30.07.23 is departure day. On these two days, the sale of the products is also possible.

For the guests, tables and benches are provided centrally by the organizer.

Important:

The "dealer selection" is made from the submitted pre-registrations. If you are there, you will receive an individually compiled contract with the necessary conditions for signature.

The final confirmation will then be made after the transfer of the outstanding amount. Prices do not include VAT. The VAT in force at the time of signing the contract and payment applies (planned for 2023: 7.7%).

More information about the event can be found at:

www.2cv2023.ch

* exclusive 7.7% VAT

Dealers with specialties from the region:
